

## Features and Benefits

### Box Scrapers

#### BB15 & BB25 Series

Features	Benefits
Heavy side plates	Built heavy to handle the tough jobs.
Square tubing shank support	Many competitors use angle iron. Box tubing is stronger.
4 Position heat treated spring steel shanks	Offers flexibility and long wear.
Working widths	15 Series: 48", 54", 60", 66" & 72" 25 Series: 60", 66", 72", 84" & 96"
HP Rating	15 Series: 17-40 HP 25 Series: 25-55 HP
Heavy 4" x 4" X 5/16" front beam with 5/16" x 1" shank hole reinforcement	Reinforcement adds additional strength to shank tube right behind shank where maximum pressure is applied.
Two welded braces to rear of bucket	These braces help keep the box scraper square under heavy loads.
Roll-formed moldboard	While scraping, this allows the dirt to roll off of the moldboard creating less drag.
17" Moldboard height	High material capacity.
Moldboard	Heavy moldboard with precise roll holds its shape under heavy loads.
Heat treated dimpled-on tips	Tips can be replaced when worn or damaged.
Replaceable and reversible cutting edges	Twice the wear on the cutting edge is obtained due to reversibility.
Warranty	One year parts & labor.
Quick Hitch	Quick hitch compatible for easy on easy off attachment.
